Travis Chardonnay 2004

"This amazing, Chardonnay is the creation of Importer Dan Kravitz. Production totals 2,600 cases, and Chardonnay lovers should be stocking up on this non-oaked beauty. Put through full malolactic, it boasts gorgeous levels of honeysuckle and tropical fruits along with notions of cold steel and minerals. Amazing concentrated and rich, it will be a treat to drink over the next 2-3 years. Why don't more California producers make Chardonnays like this?"
