Nostos 2002

"Even though knowledgeable friends of wine recognize the name, Ted Manousakis' Nostos Red is considered a new arrival. The blend is exceptional due to the high proportions of Mourvedre blended with Syrah and Grenache. The result is an unbelievably dense red from Hania, which places the area from the oenological zero to the level of wine cult. If you thought that Crete cannot produce top quality wine, you have not kept up with the times."
